Na Valech 324c

An aerial photograph of a residential neighborhood. A blue line, representing a boundary or path, runs vertically through the center of the image. It starts at the bottom, goes up, and then curves to the right towards the top. Purple shaded regions are located on either side of this blue line, following its path. The area contains several houses with red-tiled roofs, green lawns, and some swimming pools. There are also some bare patches of land and dense trees in the background.
